CURRICULUM VITAE

HOBBIES, INTEREST

- Open-Source Projects: I enjoy contributing to open-source projects on platforms like GitHub and Stack Overflow. This has helped me improve my coding skills, collaborate with other developers, and stay up-to-date with the latest technologies and frameworks.
- Coding Challenges: I participate in coding challenges and hackathons in my free time, which helps me improve my problem-solving skills and hone my ability to think creatively and strategically. This has also given me the opportunity to build new projects and gain experience working with a wide range of programming languages and technologies.
- Tech Communities: I'm an active member of various tech communities online and offline, including attending meetups, conferences, and webinars. This has helped me network with other developers, share knowledge and best practices, and stay informed about new technologies and industry trends.
